E-NEWSLETTER NO.

12.03.2011

**Dear IDBF Members, Potential Members,
Affiliates and Event Organizers,**

As HSB Sports Management and Marketing Agency, we've been organizing Dragon Festival in Turkey since 2008. We started our journey with the glorious city of Istanbul. This year, through summer season, we're taking the Dragon excitement to four other major cities: for the 2nd time in our capital Ankara and for the first time in beautiful İzmir, historical green city of Bursa and the rising star of the South: Adana.

Our biggest festival will take place May 28th-29th in İstanbul on the famous coast line known as the Golden Horn. In this festival alone hopefully we'll be hosting 180 corporate teams this year. Thousands of people are coming together to enjoy the competition, music, shows and İstanbul's most beautiful season of the year.

We're encouraging foreign teams to participate in our May festival to share our enthusiasm.

If it's too early or too late for you, don't worry. It's not your only chance to come and visit Turkey and to paddle. You can choose the most suitable dates for you and contact our festival office. Hurry up before the applications close!

**Paddle up
to fun!**
